Subject: CYCLOHEXANOL (Consortium Registration Number _____):
Final Version of Robust Summary and Test plan for the HPV Challenge Program,
AR-201

Dear Administrator:

On behalf of the Committee on HPV Challenge for Cyclohexanol (Consortium Members – BASF; DSM Chemicals North America, Inc.; Honeywell Nylon; Invista, Inc.; and Solutia, Inc.), I am submitting final versions of a Robust Summary and Test Plan on Cyclohexanol for the HPV Challenge Program, AR-201. The preceding two documents are attached as PDF Files.

With the completion of studies to evaluate hydrolysis, toxicity to Invertebrates, and repeated dose/reproduction/developmental toxicity in rats by the inhalation route, and the submission of an updated Robust Summary and Test Plan, our Committee on the HPV Challenge for Cyclohexanol has fulfilled its commitments to the HPV Challenge Program.

Please address any questions or comments concerning this submission to Henry J. Trochimowicz, Delaware Toxicology Associates, 10 Briarcreek Court, Newark, DE 19711; Telephone 302 239-4725; EMAIL: hjtroch@comcast.net.

Best regards.
